FOREWORD

The Oriental Research Institute and Manuscripts Library is an Institution under the University of Kerala for the collection, preservation and publication of old palm-leaf manuscripts and ancient works. It was started as early as 1908. There is now a collection of about 60 000 works in Sanskrit, Malayalam, Tamil and other languages. Additions are made by periodical collections from various parts of Kerala.

We are now publishing the fourth volume of the Alphabetical Index of Sanskrit Manuscripts in the library. The first volume was published in 1957 and covered manuscripts in the alphabetical order A to Na (अ-ण) It contained information on 6079 works in Sanskrit. The second volume was published in 1965. It carried the work forward from Ta to Ma (त-म) leading the serial number to 14059, that is to say it contained information on 7980 works. The third volume was published in 1984 containing description of works from Ya to Śa (य-श) numbering 19312. With the publication of the present volume containing entries from Sa to Ha (स-ह) we are coming to the close of a series. It includes information on 2218 works (ie., 19313 to 21530). But only after publishing a series of Supplementary Indices we will be able to give a complete picture of all the Sanskrit manuscripts in this Institution. After the publication of the Supplement we hope to bring forth Descriptive Catalogues also which will make our manuscripts easily accessible to Indologists all over the world.

The press matter for this was prepared by Sri K. R. Subrahmonia Sarma, Retired Research Officer, while in service. The work of seeing through the press was mainly done by Dr. K. Visweswari Amma. I am thankful to both of them.

SCHEME OF THE WORK

The scheme of the work is almost similar to that followed in the Alphabetical Index of Sanskrit Manuscripts in the Government Oriental Manuscripts Library, Madras. Every effort has been made to give adequate information concerning each manuscript. In fact many details which are generally found only in the Descriptive Catalogues are incorporated in this Index.

The serial number in the first column shows the arrangement of the manuscripts in cataloguing and enables one to see the total number of manuscripts in our collection. In the next two columns the titles of the work with marks of identification in brackets such as व्याख्योपेता, केरलभाषोपेता etc., are given in the Sanskrit alphabetical order in the Devanagari and Roman scripts. The name of the author of the work or of the commentary or both are noted in the next column. Where the author or commentator is not known mere dots are given in the respective rows. The subject of the work is given in the fifth column. For clarity the works have been classified under different subjects such as Veda, Vedalakṣaṇa, Āgama, Mantra, Upaniṣat, Tantra, Purāṇa, Itihāsa, Śrauta Srautaprayoga, Gṛhya, Gṛhyaprayoga, Dharma, Śānti, Māhātmya, Vrata, Bhakti, Śikṣā, Vyākaraṇa, Nirukta, Chāndas, Jyotiṣa, Vaidya, Vedānta, Nyāya, Yoga, Mimāṃsa, Kāvya (Prākṛtakāvya, Campukāvya, Gadyakāvya), Nāṭaka, Alankāra, Nāṭyaśāstra, Kāmaśāstra, Nīti, Śilpa, Gīta, Rasavāda, Kośa, Jainamata, Stotra, Subhāṣita, Sāmudrika and Vividha. In the next column the number of Granthas in each manuscript is given. The Script, Material and Extent of the works are noted in the 7th column. We have in our collection manuscripts in various scripts such as Devanāgarī, Nandināgarī, Malayalam, Tamil, Telugu, Grantha, Canarese and Bengali. The material of the manuscript is either palm-leaf or paper. There are many works which are incomplete, fragmentary or complete.

The remarks column gives details connected with the manuscript such as condition of the codex (whether old, worm-eaten or damaged), availability in other South-Indian Libraries, date of copying the manuscript as found in the colophons etc., the number of the work in the Descriptive Catalogue of Sanskrit or Malayalam Manuscripts in this library where more details of the work can be referred to easily. In the last column the number affixed to each manuscript in our collection is given which enables one to take out the manuscript from the library shelves. If a codex contains more than one work it is indicated by giving A, B, C etc., at the right-hand side of the number of the manuscript.
